ABOUT COMPANY

We have been in this business since 1950. We are a vertical mill. Since the foundation of the company Kivanc had engaged with production and trade of textile products, had earned a reputable name in domestic market. Besides supplying yarn and fabrics to local markets, Kivanc service and products are highly appreciated by well known textile manufacturers as well. The successful service has allowed Kivanc to satisfy customer needs in relatively short lead times. Proving successful service and quick response to international market demands
