ABOUT COMPANY

Saka Holding was established as a family company in 1988. Having equipped his business with the latest technology, Mr. Ramazan Saka, Chairman of the Board of Directors of Saka Holding, has reached the capacity of integrated production from fiber to fabric, and has put into operation knitting, fabric dyeing, finishing and printing facilities respectively. Within this process, it is growing by strengthening its sales network and leading position in domestic and foreign markets day by day. Thanks to their determination and dedication in a very short time in the factory they established, they have managed to carry their success to the highest level together with the Chairman of the Board of Directors and their teammates. It contributes to the country's economy by carrying out all kinds of knitting, dyeing and printing processes with its monthly production capacity of 1800 tons. Over time, it has expanded the range of products it added to its production line.
